

2Way Power Splitter

PW-2245-2NN

FEATURES :

- Mid Power 50 Watts
- Special designed for CDMA 450Mhz
- N Female Connector

Beside Wideband (800-2700Mhz), Pacific Wave also design special Power Splitter which cover all range of CDMA 450Mhz Cellular Telecommunication Market. This Product are particularly suitable for In-Building Network Distributor

Our Splitter are Low Inter-Modulation design, housing are machined using high quality aluminum with silver plated. Connectors are high quality manufactured with special low IM Plating.

Electrical specifications

Frequency Range	400~500MHz
VSWR	≤1.3
Operation Model	Halve
Insertion Loss	<3.3dB
Passband Ripple	<0.3dB
Amplitude Imbalance	<0.3dB
Phase Imbalance	<3°
Isolation	> 20dB
Max Input Power	50W
Normal Impedance	50Ω

Mechanical specifications

Connector Type	Nfemale
Dimensions(mm)	96xW74xH23
Weight	150gram
Temperature	-40°C~ +70°C
Humidity Range	5%-95%
